Tabu Zombie - Trumpet and Leader

Date of Birth : 13 April 1977

Place of Birth : Kagoshima Prefecture, Japan

Object of interest : Fortunetelling, space....

He is a band leader and trumpeter. Trumpets he has look so cool!

He somehow prefers the heavier trumpets than standard; one of the heaviest weighs 9 pounds! With such trumpets, he sounds very strong and performs very hard, though he has such a slender body. His awesome solos make you feel like dragon's rising or arrows being shot towards the audience.

His attractive play is not only this hard blow, but also a glamorous and with a good atmosphere whisper. You may feel he is softly talking to you. You would hear it in their ballade songs (e.g. MO' BETTER BLUES, or HAHEN...).

By the way, don't forget to check out his unique, colorful but stylish fashion as well!
